

# Human Welfare & Rights

Helping the most vulnerable and disadvantaged is at the very core of the Nando and Elsa Peretti Foundation's mission. Our initiatives address the root causes of basic human rights violations, including poverty, lack of access to education and equality. We also recognise the urgent need to provide immediate assistance to meet the basic needs of the most vulnerable and to support emergency relief efforts in the aftermath of natural or human-made disasters. Our human rights initiatives take a variety of forms, whether it be furthering education worldwide, deepening knowledge to enhance integration and employment opportunities for disadvantaged individuals, protecting and advancing the physical and mental health of people—especially minors, the elderly, and those with disabilities—and providing humanitarian aid and charitable assistance to vulnerable children and elderly individuals. This steadfast commitment underscores human welfare as the cornerstone of the Foundation's endeavours.
